Spesso nel restauro architettonico il reperimento di materiali adatti ad una corretta restituzione dell'edificio, comporta una notevole difficoltà.

La Fornace Polirone é in grado di soddisfare le richieste piú complesse, con la possibilità di offrire un prodotto su misura di alta qualità.

Mattoni, pavimenti, cornici, balaustri, vasi, ecc., sono tuttora realizzati artigianalmente pezzo per pezzo, seguendo immutate antiche regole di impasto, formatura e cottura.

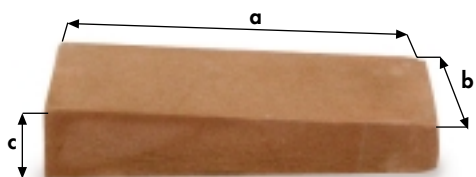

La ricerca appassionata, lo studio, il recupero di tecniche del passato, consente alla Fornace Polirone di proporre lavorazioni realmente esclusive ed originali.
